Objective

Final-year B.Tech AI & Data Science student seeking a Data Analyst / AI & ML internship.

Education

B.Tech in Artificial Intelligence & Data Science, Kumararaja Engineering College, 2022-2026 (CGPA 8.6)

Skills

Programming: Python, SQL, JavaScript

Data: Pandas, NumPy, Power BI, Excel

ML: Machine Learning, Scikit-learn, TensorFlow

Web: HTML, CSS

Projects

1. Student Performance Predictor

Built an ML model using Python and Scikit-learn to predict student grades. Achieved 89% accuracy.

2. Sales Dashboard in Power BI

Created an interactive Power BI dashboard for a retail dataset.

3. Personal Portfolio Website

Designed a responsive portfolio using HTML, CSS and JavaScript.

Certifications

Google Data Analytics Professional Certificate - Coursera (2024) - Verified

Microsoft Power BI Data Analyst (PL-300) - Microsoft (2023) - Verified

Intro to Machine Learning - Kaggle (2023)

Experience

Data Science Intern, DataWorks Solutions (Jun 2025 - Aug 2025): Built data pipelines in Python and SQL.
